HYDRAFACIAL IS ABOUT MORE THAN JUST GREAT LOOKING, HEALTHY SKIN

When our skin looks good and feels good, we feel good too. Which is why HydraFacial is so much more than just a facial. It's an experience. A feeling. A confidence booster. So never settle for an ordinary facial, when you can choose a HydraFacial.

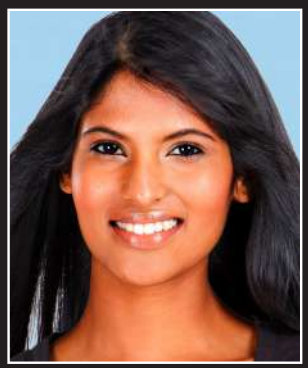
TECHNOLOGY CREATED TO PROVIDE THE BEST SKIN OF YOUR LIFE

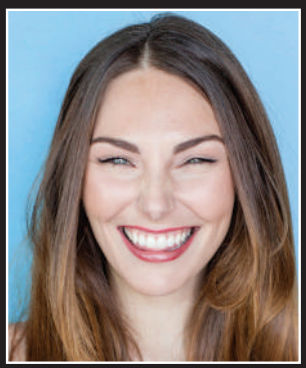
HydraFacial technology is unique. And so are the amazing results it achieves. After just one treatment you look great. And feel great. Instantly. And the more you use it – the healthier your skin becomes. Giving you a natural, glowing complexion that looks as good as you feel.

RECLAIM YOUR SKIN – REGAIN YOUR CONFIDENCE

HydraFacial goes deeper than skin deep. It reaches within. And brings out your confidence through healthy, glowing skin. When you look good, you feel good and everybody can see it.

HydraFacial. Skin changing. Life changing.





BOOST YOUR SKIN HEALTH AND CONFIDENCE...

From your first waking moment to the last thing at night how you feel about your skin reflects how you feel about yourself. Great looking, healthy skin boosts your self-confidence but it is under constant attack from the effects of the environment.

Pollution, toxins, wind, and UV rays can cause gradual damage to the proper functioning of skin cells which leads to poor skin health and a dull or damaged complexion.

Natural ageing also plays a role in skin health and can contribute to enzyme loss, reduced collagen, and dehydration. This combination of natural and environmental factors stops skin cells from performing at their best, ultimately leading to a decline in elasticity, resilience, tone & texture and speeds up skin health deterioration which can lead to a knock to self-confidence.

HydraFacial helps reverse this damage and gives you the means to protect your skin, achieve long-term skin health and regain confidence in how you look.

Skin Health for Life is the unique HydraFacial philosophy of not just improving the appearance of skin, but truly restoring youthful, healthy skin. As the signature treatment of HydraFacial, it gives immediate results and is designed to be enjoyed as a regular monthly maintenance treatment to rebuild skin health and provide continual improvement and enhanced appearance.

The treatment consists of multiple stages which detoxify the skin, remove dead skin cells, extract debris and provide lasting hydration to protect and rebuild collagen levels as well as self-confidence.

FACT: AGEING UVA RAYS ARE EQUALLY STRONG ON SUNNY & CLOUDY DAYS.

30 MINUTES TO GREAT LOOKING SKIN

HydraFacial uses award winning, patented technology to create an instantly gratifying glow.

It is an incredible, non-invasive treatment that is pleasant to undergo and detoxifies, rejuvenates and protects your skin for immediate results and long-term benefits without downtime or irritation.

THE SECRET TO SUCCESS? A UNIQUE TIP

The patented spiral tip of the HydraFacial Vortex-Fusion® serum delivery system and HydroPeel® is what truly sets the HydraFacial apart from other procedures.

The unique spiral design helps deliver the multistep HydraFacial treatment to cleanse, exfoliate and extract impurities and dead skin cells, while at the same time replenishing vital nutrients including Antioxidants, Peptides and Hyaluronic Acid.

These nourishing ingredients help counteract ageing and environmental damage, reducing the appearance of fine lines and wrinkles, and plumping and firming skin for long-term results you can see and feel instantly - like no other treatment out there.

3 STEPS. 30 MINUTES.
THE BEST SKIN OF YOUR LIFE.

HydraFacial delivers instant and long-lasting results that you can see and feel, in as little as 3 steps.

The **HydraFacial Core Treatment** delivers all the key benefits of HydraFacial and is perfect for anyone with a busy lifestyle.

For those with a little more time, the **HydraFacial Skin Health for Life Extended Treatment** adds an additional 2 steps, to complete the experience and bring you the full benefits of the HydraFacial to your skin. Top and tail your HydraFacial with the Detox and Rejuvenation steps.

HF A5 Client Brochure (single pages).indd 8 20/09/2017 15:35:49

HYDRAFACIAL CORE TREATMENT STEPS

CLEANSE + PEEL

Uncover a new layer of skin with gentle exfoliation and relaxing resurfacing.

EXTRACT + HYDRATE

Remove debris from pores with painless suction. Nourish with intense moisturisers that quench skin.

FUSE + PROTECT

Saturate the skin's surface with antioxidants and peptides to maximise your glow.

THE EXTENDED SKIN HEALTH FOR LIFE TREATMENT STEPS

DETOX

Begin the treatment with Lymphatic drainage, improving circulation of the lymph system and helping to eliminate toxins.

REJUVENATION

Finish with red and infrared LED light. This reduces redness and further stimulates collagen, supporting the natural production of vitamin D, leaving your skin glowing.

THE BOOSTS?

Tailor your treatment with HydraFacial super serums to address specific skin concerns.

DERMABUILDER BOOST

Minimises signs of aging and recharges skin with a combination of peptides.

GLYSAL BOOST

Minimises congestion in pores and improves superficial acne scars*.

BRITENOL BOOST

Minimises the appearance of dark spots and sun spots for an even complexion.

*EEA specific claim.

FOR ACNE & CONGESTED SKIN

Acne, oily or congested skin can be unruly, unpredictable and difficult to manage. The HydraFacial treatment for acne works to prevent the build-up of excess oils and clear the skin of congestion and impurities.

The treatment is designed to simultaneously target several of the causes of acne, offering a noticeable and immediate improvement. It works by reducing the production of sebum and improve scarring by deeply exfoliating with natural salicylic acid and applying different strengths of GlySal peel.

The treatment consists of six stages which detoxify the skin, remove dead skin cells, extract debris, soothe the skin and provide lasting hydration.

TECHNOLOGY & HONEY EXTRACT

The HydraFacial treatment for congested skin uses advanced, patented technology to deeply cleanse and exfoliate the skin, removing all dead skin cells.

Next, a serum specific to acne and congestion delivers nutrients packed with anti-inflammatories, including salicylic acid and honey extract. Salicylic acid penetrates the pores to soften sebum, allowing impurities to be easily drawn out. Honey extract contains anti-bacterial and anti-inflammatory properties.

All these ingredients penetrate deeply into the skin during the six steps, leaving you with clear, healthy skin that is enhanced with every treatment.

A course of 6 weekly sessions is recommended, after which the results can be improved and maintained with regular monthly visits.

With immediately visible results and little to no downtime, it's easy to see why HydraFacial is the first choice for many people with acne or congested skin. Why not book in for your first treatment today?

INSTANTLY VISIBLE RESULTS

HydraFacial produces immediate and instantly visible improvements to the skin that you can see and feel after every visit - which is why many people with congested skin choose to have regular treatments, making it an essential part of their skincare regime.

Immediately before treatment

Immediately after treatment

"I'm very happy with my course of HydraFacials. My skin was congested and pimple prone with lots of small scars from picking my spots. I have had 5 so far and my skin is smoother with hardly any spots at all and I've noticed the tone of my skin to be much more even. I will definitely continue."

K, Rudge,
Sutton Coldfield

WHY IS HONEY EXTRACT GOOD FOR ACNE?

Honey extract is a natural antiseptic. It is packed with antioxidants and is a great clarifying ingredient as it opens pores, allowing extractions to be made.

ANTI-AGEING WITH DERMABUILDER

The targeted HydraFacial anti-ageing treatment uses DermaBuilder™, a unique multi-peptide anti-ageing serum, to help diminish the appearance of fine lines and wrinkles and enhance the skin's elasticity, for visibly noticeable results.

The HydraFacial anti-ageing treatment includes the multi-step HydraFacial process with the addition of DermaBuilder to specifically target fine lines and wrinkles.

TECHNOLOGY & PEPTIDES

The HydraFacial anti-ageing treatment uses patented advanced Vortex technology. It delivers botanical ingredients with some of the most desirable skin nutrients, such as hyaluronic acid, horse chestnut seed extract, red algae extract, copper zinc and magnesium peptides, deeply into the skin to plump it up and give you continual radiance with every treatment.

The exclusive complex of powerful ingredients contained within the DermaBuilder serum helps to further reverse the signs of ageing. It works to boost collagen production, reverse elasticity loss and reduce the appearance of fine-lines and wrinkles.

It also provides immediate and long-term tightening benefits by helping to strengthen the skin's connective tissue.

A course of 6 weekly sessions is recommended, after which the results can be improved and maintained with regular monthly visits.

With immediately visible results and no downtime, it's easy to see why HydraFacial is the first choice for many people who are concerned with the ageing process. Book in for your first treatment today.

INSTANTLY VISIBLE RESULTS

The HydraFacial anti-ageing treatment produces instantly visible improvements to the skin that you can see and feel after every visit. That's why many people with concerns about ageing choose to have regular treatments - to plump up lines and wrinkles and see immediate results.

Before treatment

After treatment

Before treatment

After treatment

"I definitely noticed an improvement in my skin following my anti-ageing HydraFacial.

My skin appeared firmer and felt more youthful and I received loads of compliments! I'm now a huge fan of the homecare, too."

Trudie,
Leicester

HYDRAPEEL

The HydraFacial HydraPeel is a unique six week programme that gives you all the benefits of an intensive chemical peel without the associated downtime.

Mirroring the six steps of the Skin Health for Life treatment, the HydraPeel is supplemented with the delivery of glycolic and salicylic agents deeply into the skin (known as the GlySal peel). This deep penetration means they don't need to pass through the superficial layers, improving the effectiveness and enhancing results as they work from the inside, out.

With the HydraPeel treatment, there is little to no post-peel scaling as the layers of dead skin cells are removed in the deep cleanse and exfoliation stage.

The treatment targets pigmentation, acne scarring, sun damage and age spots and can also be tailored to provide general rejuvenation. Fine-lines and wrinkles are reduced through collagen stimulation and the overall brightness and lustre of the skin is enhanced, giving an even, clear tone.

GLYSAL PEEL TREATMENT

The GlySal peel serum in the HydraPeel treatment contains the key ingredients glycolic and salicylic acid.

Glycolic acid dislodges dead skin cells and helps to clear congestion. It also aids in reducing the appearance of fine lines and pores, leaving skin feeling refreshed and renewed.

Salicylic acid acts as an exfoliating agent, removing dead skin cells. This is extremely effective in helping to reduce the build-up of dirt and sebum within the pores.

The strength of the GlySal peel can be adjusted depending on the condition of your skin and its response to the previous treatment.

GlySal peels act as a one-step intensive exfoliation and chemical peel that remove dead cells whilst acting as a deep peel working on specific concerns.

SKIN BRIGHTENING

The HydraFacial skin brightening treatment which features the Britenol Vortex-Booster™ is clinically proven to minimise the appearance of brown spots.

Specially formulated to awaken dull skin, the treatment targets dark spots and sun damaged areas, leaving skin glowing with a more even complexion.

The treatment consists of multiple stages which detoxify the skin, remove dead skin cells, extract debris, brighten and diminish the appearance of dark spots, and provide lasting hydration to protect and rebuild collagen levels.

77% saw an overall improvement in discolouration*

94% saw an improvement in skin tone and evenness*

97% felt they had a brighter complexion*

97% felt they had a brighter complexion*

TECHNOLOGY & INGREDIENTS

The skin brightening treatment with Britenol uses advanced, patented Vortex technology to deliver the most desirable nutrients.

Alpha-arbutin helps to brighten skin and reduce the appearance of age spots.

Vitamin C clarifies and brightens the skin. Clinical trials showed that it reduced pigmentation and melanin by 90%.

A unique blend of antioxidants helps to detoxify the skin and fight free radical damage.

All these ingredients penetrate deeply into the skin, leaving you with a healthy radiance that is enhanced with every treatment.

3 weekly sessions is recommended, though further treatments may be required depending on the level of pigmentation.

94% saw an improvement in skin tone and evenness*

* Results based on 3rd party clinical testing of 30 test subjects over 4 weeks.

SKIN HEALTH FOR MEN

The ease, simplicity and effectiveness of the HydraFacial treatment make it a popular choice for men who care about the health of their skin.

The unique HydraFacial philosophy of Skin Health for Life promises to improve the appearance of skin, reduce congestion, remove blackheads, and reduce the appearance of wrinkles.

HydraFacial is a popular part of many male grooming routines for several reasons:

- It's quick - it can take as little as 30 minutes.
- It's immediate - you can walk straight out the door with visible results looking like a better version of yourself.
- It's simple - the specific steps are there because they work.
- It's easy - you can keep up your grooming routine at home with the home care product range.

The treatment consists of different stages which detoxify the skin, remove dead skin cells, extract debris and provide lasting hydration to protect and rebuild collagen levels.

TECHNOLOGY & ANTIOXIDANTS

The Skin Health for Life treatment uses advanced, patented Vortex technology to deliver the most desirable nutrients, like hyaluronic acid, to the skin.

The treatment is also packed full of the most powerful antioxidants which work to counteract free radicals which damage the skin and cause it to look older than it is.

All these ingredients penetrate deeply into the skin, leaving you with a healthy radiance that is enhanced with every treatment.

It can also be tailored to specific skin concerns by using different serums, making it suitable for every skin type. You'll see results from your first treatment.

DAILY ESSENTIALS HOMECARE

The exclusive HydraFacial homecare products contain the same high-performing ingredients found in the super serums used during the treatment.

Each is designed to help extend and enhance the benefits of your facial in between treatments. They're loaded with powerful ingredients including antioxidants, peptides and hyaluronic acid, that all work together to help prevent and undo damage, restoring the overall health of your skin.

BRITENOL™

Gently nourishes skin to help minimise the appearance of dark spots, sun spots, and hyperpigmentation, leaving the skin glowing with a more even complexion. Alpha-arbutin reduces the appearance of dark spots and vitamin C antioxidant protection also brightens and clarifies the skin.

ANTIOX+™

This phytonutrient-rich formula features a powerful combination of antioxidants including horse chestnut seed, green tea, and arnica flower to help detoxify skin and fight environmental free radical damage. The exclusive, TonePerfect™ complex evens skin tone whilst peptides reduce the appearance of fine lines and sagging skin.

ETX™ AGE-REFINING EYE CREAM

ETX™ is a lightweight, age-refining eye cream that deeply moisturises skin, helps soothe puffy eyes, and reduce the appearance of fine-lines. This phytonutrient-rich formula awakens the delicate eye area with an array of antioxidants and soothing ingredients that brighten the appearance of dark circles while boosting hydration. ETX™ contains a special blend of peptides that work to reduce the appearance of fine-lines and wrinkles to bring you radiant, younger-looking skin.

ANTIOX-6™

Antiox-6™ combines deeply moisturising Hyaluronic Acid with detoxifying antioxidants such as Vitamins A, E and White Tea Extract, Horse Chestnut Extract. This powerful formula naturally detoxifies and protects skin from environmental free-radicals and replenishes skin's natural elasticity and hydration.

PUR MOIST™ OIL FREE

Specially formulated to work with the most sensitive skin, particularly oily/congestion prone skin, this new blend contains Salicylic Acid and Lilac Leaf Extract to help control oil throughout the day, while Aloe Leaf helps calm and soothe irritation. In addition, Pur Moist™ contains proprietary low molecular weight Hyaluronic Acid for better absorption, leaving a silky finish that doubles as a primer before make-up.

PUR MOIST™

Pur Moist™ Hyaluronic Acid Cream is a rejuvenating moisturiser that contains proprietary Hyaluronic Acid, specially formulated with low molecular weight for better absorption. For those with dry to normal skin where extra hydration is required, it is further fortified with an antioxidant complex for added protection.

DERMABUILDER™

An advanced age-refining peptide complex serum to help smooth the appearance of fine lines and wrinkles and enhance skin elasticity. DermaBuilder™ contains a uniquely formulated combination of peptides and is designed to recharge skin and diminish the appearance of fine lines and wrinkles. It also helps to smooth skin's texture and boosts hydration.

BETA-HD™

Beta-HD™ is specially formulated to work with oily or congested skin. Natural salicylic acid helps to soften sebum and dislodge dead skin cells whilst Honey Extract adds the perfect touch of light-weight moisture. Skin will be visibly rejuvenated and deeply cleansed by this non-irritating formula.

THE CELEBRITY FAVOURITE

At HydraFacial we are delighted that a growing number of celebrities are enjoying the treatment and its amazing benefits. What's more they are letting the world know about it.

Celebrities on record as enjoying HydraFacial include Karren Brady, Emma Bunton, Abbey Clancy, Suki Waterhouse, Brittany Snow and Paris Hilton. Here are just some of the examples of what they had to say...

"Love the HydraFacial, my skin looks amazing! My skin is now camera ready for tomorrow!"
Abbey Clancy, Model

"Thank you for my amazing HydraFacial, felt like a new woman. Will be back again very soon."
Emma Bunton, Musician, TV presenter and DJ

"My skin goes through so many make-up changes and this facial puts the bounce back into it."
Suki Waterhouse, Actress & Model

"I do the HydraFacial all the time, I try to do it at least once a month, I love it. The amount of moisture which gets pumped into your skin is amazing."
Brittany Snow, Actress

"My favourite treatment would be the HydraFacial…You can see the results right there."
Pasha Kovalev, Professional Dancer

"Thanks so much for the fantastic HydraFacial. Feel ready for press night tonight for the Hairspray UK tour!"
Claire Sweeney, Actress & Presenter

"Just got a HydraFacial... My skin is glowing, such an amazing facial. Love it!"
Paris Hilton, US Socialite and Reality TV star

"Flippin fantastic, the HydraFacial... is the business #newface #cleanse #glowing"
Melanie Sykes, TV Presenter & Model

"Being constantly in the public eye means I always have to look my best. Having regular HydraFacials really gives me lots of confidence because I know my skin looks great,"
Karren Brady CBE, Award Winning Business Woman and Broadcaster
